The Cosmopolitan Collection

Where design meets sophistication.

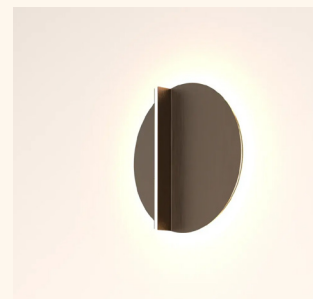

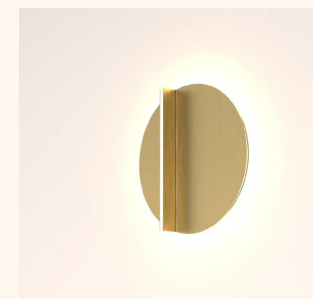

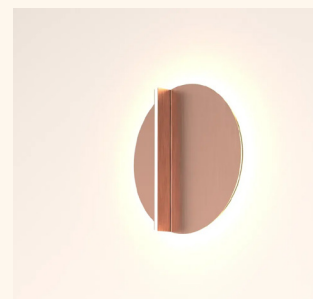

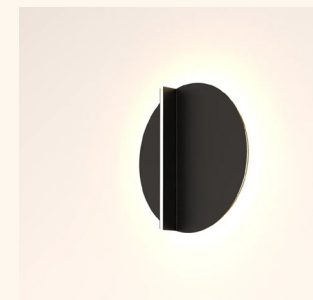

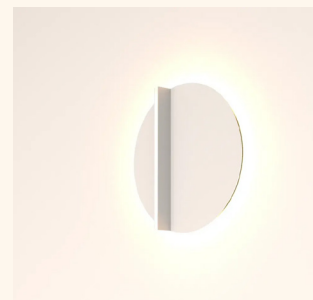

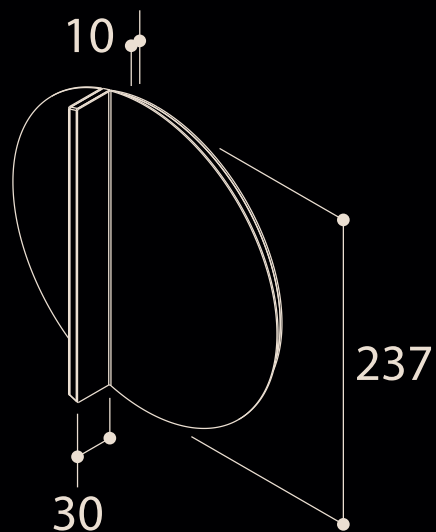

The Cosmopolitan Collection reimagines elegance, seamlessly combining striking design with exceptional functionality. Its indirect lighting casts a warm, inviting glow, creating the perfect ambiance in any setting. Ideal for hotels, restaurants, and premium spaces where style and substance go hand in hand, Cosmopolitan is the ultimate choice for those who demand both beauty and performance.

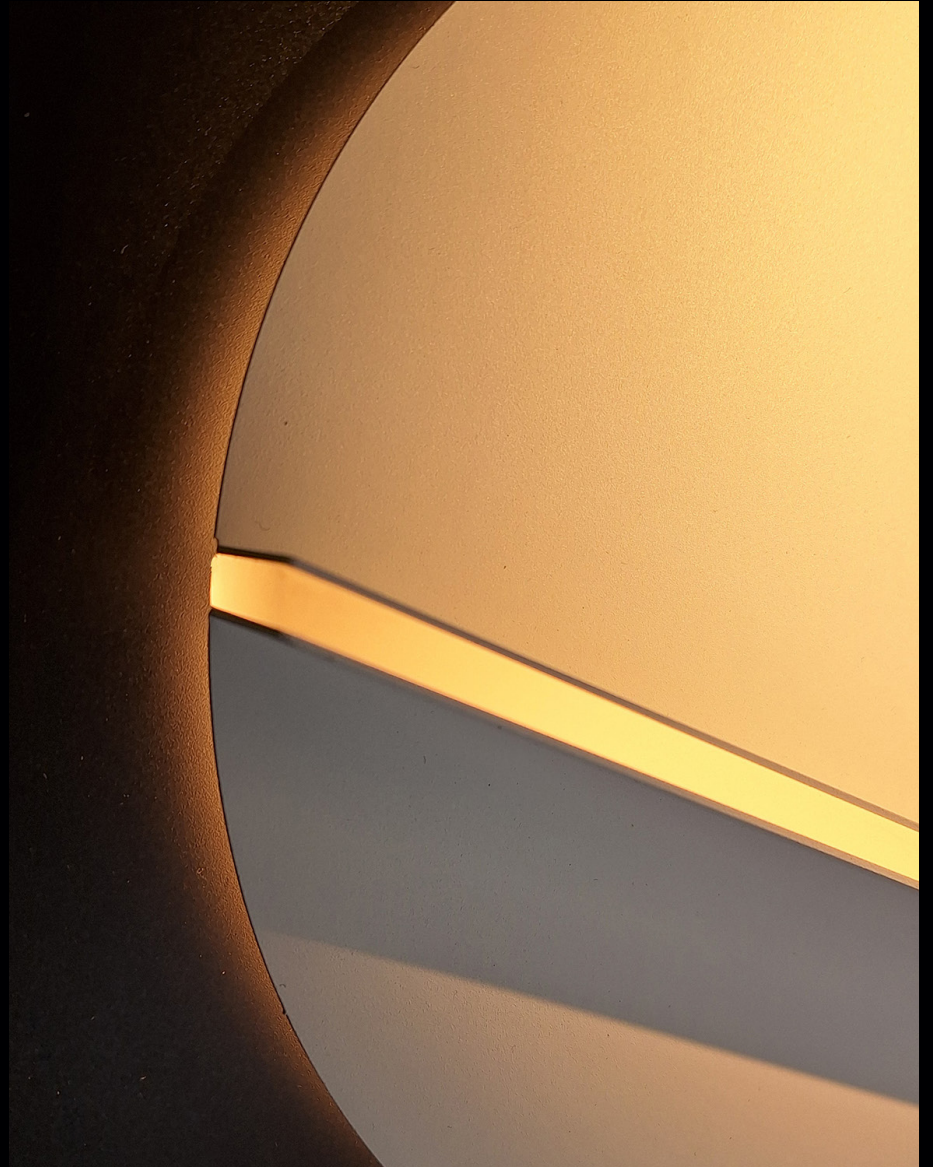

With this collection, TAL takes customization to the next level, offering tailored finishes to meet every vision—from the architect's concept to the end user's desire. Every detail can be crafted to perfection, making each piece truly unique.

COSMOPOLITAN CUSTOMIZATION

In addition to our standard colour range, we're excited to inspire you with a variety of custom finishing options. The Cosmopolitan is available in a primer version, allowing you to apply your own colour or painting technique for a truly personal touch.

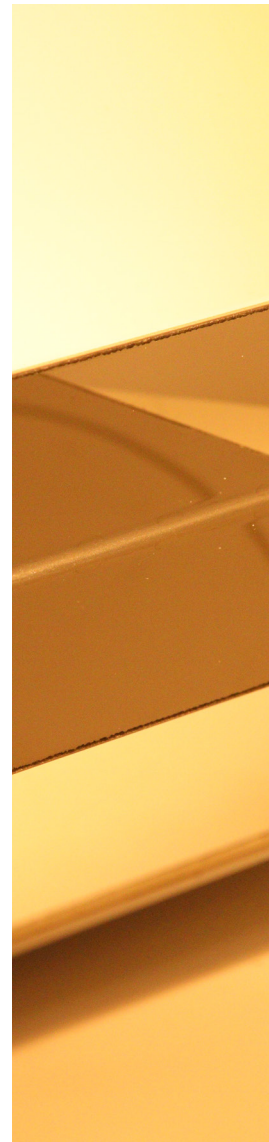

We also offer any RAL colour upon request, giving you full flexibility to match your project's aesthetic.

Looking for something more exclusive?

In our lab, we've already experimented with mirror, veneer, and even textile finishes — and the results are stunning.
